

## Job description:

### **Marina Maintenance Technician**

The expansion of Camper & Nicholson's Port Louis Marina has created a vacancy for a Marina Maintenance Technician. This position is vital to the smooth operation of the Marina, particularly with respect to our Electrical and Mechanical systems. The Marina Maintenance Technician reports directly to the General Manager.

We are looking for a multi-skilled person, but the top priority will be Electrical. The marina has high voltage and standard voltage systems both onshore and on the docks, and a range of electrical equipment within the Creole Village.

The Marina Maintenance Technician will be required to interface with our guests, especially connecting boats to our shore power facilities. Service modules on our docks deliver power ranging from 16 to 600 volts.

As well as having a full understanding of electrical systems, and the ability to carry out carpentry, plumbing and other repairs across the marina, the Marina Maintenance Technician must have good communications skills, both written and spoken, in order to ensure that instructions are clearly given, and that accurate reports are submitted.

#### **Duties**

##### Operations

- Attend to the utility connection requirements of visiting boats, including electricity, water, and communications.
- Support the management team with assistance when setting up for events

##### Maintenance & Repairs

- Carry out regular routine maintenance of the marina's electrical and mechanical equipment, buildings and infrastructure;
- Carry out equipment repairs as required.

#### **Technical Qualification and Experience**

- Must have a Wireman's License
- Is required to be familiar with the IEE Wiring Regulations (BS 7671:2008) and NFPA 70 (National Electrical Code).
- The successful candidate will have previous work experience with a Utility Company or/and a major Electrical Contractor.

### **Other Requirements**

- Good interpersonal skills – the marina is a hospitality business. The correct customer service attitudes are essential;
- Good communication skills – must be able to understand, act upon and in some cases issue instructions in hazardous environments;
- Ability to work as a member of a close-knit team;
- Self-motivated and with the ability to work with limited supervision;

**Salary** – negotiable based on qualifications and experience

Interested persons should contact the Office Manager at the address below for an application form.

The Office Manager  
Camper & Nicholsons Grenada Services Ltd.  
Port Louis Marina  
Lagoon Road  
St. George's  
Grenada
